

Cleans and Freshens Air/Heat Duct Systems

Advanced Formula Eliminates Odors

Air/heat duct system components and duct work are the perfect place for mold, mildew and bacteria to grow and create bad odors. These duct systems and components can also contain odors such as cigarette/cigar smoke and stale interior odors, which become trapped in the system and keep re-circulating.

Neutralizes Odors from

Mold

Mildew

Smoke

Stale Air

- **Stay-Fresh** cleans air/heat duct system components and surfaces to neutralize odors from the growth of bacteria, mold and mildew.
- **Stay-Fresh** freshens the entire air/heat duct system, chemically neutralizing and destroying a variety of odors which are produced or build-up in the system.
- **Stay-Fresh** travels through the air/heat duct systems, cleaning air/heat duct system components including the evaporator drain pan, ductwork and vents.

Item # AD1000
Services one vehicle

For use in Auto, RV, Truck, Boat, Plane
